BEAR DOWN BANK / CARD GROWTH

Send the Wildcat Rewards pilot to eligible Gen Z customers.

For Jordan Ellis, VP of Card Growth | November 2, 2026

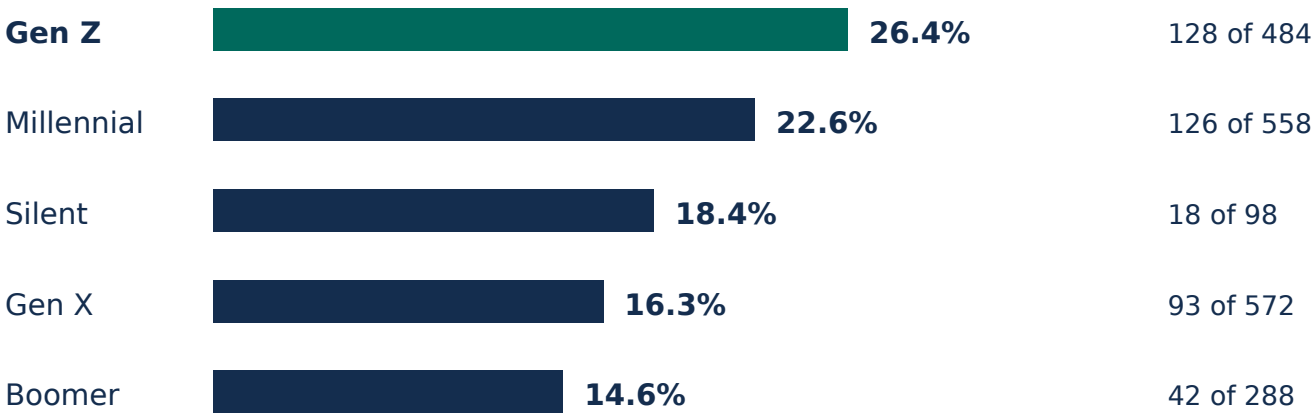

128
eligible Gen Z customers

26.4%
of Gen Z qualifies (128 of 484)

Gen Z leads both in eligible share and eligible customer count. Keep the approved 670 FICO cutoff and mail only customers who meet every guardrail.

Gen Z has the highest eligible share

Eligible customers as a share of each generation; count shown at right.

Action: Start with the 128 qualifying Gen Z customers. Track applications, approvals and activations before expanding; eligibility alone does not predict response.

Source and scope: Uploaded Wildcat Rewards workbook; all 2,000 customers and 5,802 card records, as of September 30, 2026. Distinct customers, not cards, are counted. Eligible = no existing Bear Down credit card, FICO >= 670 and total debt / yearly income < 2. Percentages rounded to one decimal.
